

THE INTEGRATED POLICY

of BorsodChem Zrt.

„Commitment to excellence, responsibility and customer orientation in the language of chemistry.”

OUR BELIEF

The BorsodChem Zrt. is committed to the effective operation of quality (ISO 9001), occupational health and safety (ISO 45001), environmental (14001), energy (ISO 50001) and supply chain security (ISO 28000) management systems. Our goal is to be a leading and exemplary chemical company in Hungary, Europe and worldwide. We strive to achieve excellent results in all areas of our activities, meeting the expectations of our customers, partners, employees and society.

TO ACHIEVE THIS, AS A MEMBER OF THE WANHUA GROUP, WE ARE COMMITTED TO THE FOLLOWING

- Our management takes an active role to consider as an equal terms during the decision-making the quality, HSE, energy efficiency and supply chain security requirements with the business aspects.
- Through our commitment to quality, we strive to earn and maintain the lasting trust of our customers by continuously improving our products and services. To this end, our employees are responsible for the quality and the constants improvement of their own work, which we also support with trainings.
- We implement a methodical and professional risk-based mindset, which contributes to the continuous improvement of our company and the satisfaction of our customers.
- BorsodChem, as a large plastics raw material manufacturing company, operates energy-intensive processes, therefore continuously improving the efficiency of our energy use can ensure for responsible management of natural resources.
- By operating an energy management, we ensure that all our employees understand our energy efficiency efforts and tasks, since the energy awareness contributes to the development of our company and our narrower and wider environment.
- We are committed to minimizing our environmental impact, thereby reducing the usage of natural and productive resources.
- We believe that all HSE incidents are preventable, so we follow the strictest rules for the safe operation of our company, and also to protect our environment, our employees, our customers and the communities in which we operate.
- We are continuously improving our HSE conscious culture through internal professional trainings, with a strong emphasis on corporate and social responsibility, as well as open communication with our stakeholders.
- We communicate our efforts to meet supply chain security standards with our suppliers and subcontractors, expecting the highest level of support from them. We do our best to ensure adequate protection during production, storage and transportation, and we treat all the information we receive confidentially.

All employees of BorsodChem Zrt. have recognized that quality, safety, energy efficiency, environmental protection and supply chain security are not only an obligation, but also contribute to the long-term development of our company and our environment.
